Verdanterra, LLC has performed a thorough review of digital and hard copy documents with
additional field survey that included using a metal detector as well as visual inspection of the
area of the well to determine the existence and/or location of a WPA gas well displayed on
eMapPA at an approximate location of Lat: 39.90478 Lon: -80.17069. Verdanterra has
reviewed: EDWIN, DEP Waynesburg quadrangle permit locations, DEP Oil and Gas Operator

Based on this review both in the field and all available DEP records and other public sources,
we are confident of the following:
