Re: Stockdale Well
Proposed Leatherwood Gas
Well
Harvey Mine ID 36-10045
4-A Section

Dear Mr. Counahan:

The proposed conventional Leatherwood Well is located within a substantial pillar in the Harvey Mine in the 4-A Section. The included Stockdale Drill Plans were jointly developed and signed by both Leatherwood and Consol Pennsylvania Coal Company (CPC) representatives. The following information is being submitted for your review and consideration of the proposed wells on the Leatherwood well pad. Enclosed please find copies of the following:

- Permit Application to Drill and Operate a Conventional Well
- Coal Module
- Well Location Plat
- PNDI Results
- Stockdale Drill Plan signed by both Leatherwood and Harvey
- Detailed schematics for well planned for the Stockdale well pad

If there are any questions, or if additional information is required, please contact me. Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read 'Casey V. Saunders'.
