Use this form to apply for an "Order to Clean Out and Plug or Replug a Non-Producing Gas Well Under Section 13(c) of Act 214." This applies only to an abandoned well which penetrates a workable coal seam.

SECTION A. APPLICANT INFORMATION

Enter the name of the person, corporation, or unincorporated business which is requesting the Department order to plug or replug the well.

If the well is the object of a coal pillar permit, please identify the pillar by number.

GAS WELL INFORMATION: Provide information that identifies and locates the gas well, not the location of the mine portal nor the well operator's address.

SECTION B. OTHER AFFECTED PARTIES

If known, identify all other affected parties listed. Use an additional 8½" x 11" sheet if necessary. If you don't know who they are, print "unknown".

SECTION C. ADDITIONAL FORMS REQUIRED

Use this checklist to see that this application is completed.

If the well is to be cleaned out, plugged or replugged by a method, or using materials other than described in Act 214, subsections 13(a)(1) or (2), then a request for approval to use an alternate method or materials must be filed. You must submit a plan for a Proposed Alternate Method of Casing, Plugging, Venting or Equipping on Form 5500-PM-OG0024.

Oil & Gas Well Plugging
Order to Clean Out and Plug Oil & Gas Wells
Washington and Greene Counties, Pennsylvania**

Dear Mr. Wright:

This letter is being executed on behalf of Consol Pennsylvania Coal Company LLC), and CONSOL Thermal Holdings LLC, and Conrhein Coal Company, (hereinafter collectively referred to as, "CONSOL"). In accordance with the requirements set forth in Section 13(a) of the Pennsylvania Coal and Gas Resource Act of 1984, 58 Pa. C.S.A. Section 513(c), please let this letter serve as evidence that adequate notice has been provided to CONSOL as the coal owner/lessee/operator for the plugging of any and all oil & gas wells that need to be plugged for mine through purposes at Bailey, Enlow Fork and Harvey Mines.

Please be advised that CONSOL has no objection to the plugging of the oil & gas wells through the coal seam(s) and I do hereby waive, on behalf of CONSOL, any right CONSOL may have as to prior notification as the coal owner/lessee/operator. CONSOL is not, however, waiving any other rights that it may have.

Sincerely,

Anthony M. Drezewski – Assistant Vice President

Andy and Jason,

Thank you for the update and for providing these documents. I appreciate it.

Mr. and Mrs. Rush have not actually received these materials. As I mentioned to Jason on March 2nd regarding previous, duplicative notices, the Rushes are traveling for the next several months. They have directed that copies of any correspondence from Consol be sent to me while they are away so

that matters can be handled promptly. Please continue providing copies of all future correspondence so we can timely respond.

I understand there was a communication gap with Consol's land group, and I appreciate you catching it and streamlining this process.

For transparency, given the notice timing with the Section 13(c) Applications for the Kenney property, I reached out to Forrest Smith at DEP counsel's office yesterday. I will loop Jason into that conversation.

Both the Kenneys and the Rushes remain willing to negotiate and execute license agreements for the wells on their respective properties, which would make any Section 13(c) Orders unnecessary.

Would Consol consent to DEP temporarily holding issuance of the Section 13(c) Orders for both the Kenney and Rush properties while we finalize the license agreements? This cooperative step would allow the negotiations to proceed smoothly.

Thanks again, Sarah

Sarah,

Following up on your representation of Mr. and Mrs. Rush, Jason Will recently communicated to CPCC that you had requested copies of the well-plugging documents submitted to DEP related to the most recent proposed plugging activities on the Kenney property. I have instructed our land group to ensure that any correspondence required to be sent to landowners whom you represent is also forwarded to Jason, so that he may, in turn, provide it to you.

In that regard, attached please find the recent documents submitted to DEP concerning the proposed plugging activities for Well 907 on the Rush property. These documents were sent to Mr. and Mrs. Rush via certified mail, but the mailing was not signed for.

You may continue to work directly with Jason Witt on any subsidence-related or pre-mining matters involving the Kenney and Rush (or on your other clients') properties. I simply wanted to provide these materials to you directly to eliminate an extra step and to spare Jason the need to forward them separately.

Andy

Hi Andy,

Gavin and Nancy Rush have retained me to assist with pre-mining and, if necessary, post-mining negotiations for their property in Greene County.

I understand there are some gas wells on the property that may need to be plugged before mining begins. We are happy to provide dates for Core to access the property to search for these wells after deer hunting season concludes in mid-December.

Mr. and Mrs. Rush would prefer to route all future communications through me. Mr. Rush has previously been in contact with Jim Horner. Please let me know if you would like me to continue communicating with Jim Horner directly on this matter.

As we have done with other properties, I anticipate transitioning communications back to Core's land agents and/or contractors during active surface operations.

Thanks,
Sarah
