Justin,

Attached are the determinations for these wells. Both are considered non-coal.

Thanks

Subject: Assistance Requested: MR-68

Good afternoon Heather,

EQT submitted the attached AMs for wells in Ohiopyle State Park. 051-20010 and 051-20014 were permitted non-coal and EQT included their interpretation of the MR 68 report. During review, I noted there are surface mines to the West and an Upper Kittanning mine existed to the East:

Coal Seam: Upper Kittanning
Operator: Fair Oaks Coal Company
Operation: Fair Oaks
Last Mined:
Status: A
CDO File: BMSB
Collection: DEP NewStanton
Creator: SVC - MMG
Source: BMSB_UMM_100_0963-001
Permit No:

Can you please have your team confirm this would be considered a non-coal area?

Thank you,

Justin A. Najewicz | Oil and Gas Inspector Supervisor
