Proposed Alternate Method or Material for Casing, Plugging, Venting or Equipping a Well

Well Operator G & G GAS, INC.		DEP ID# 23767		Well Permit or Registration Number 37-005-00896	
Address 1990 PACKING RD		Well Farm Name C CRAWFORD 1			
City NEW BETHLEHEM	State PA	Zip Code 16242	Well # 1		Serial #
Phone 814-275-3390	Fax	County ARMSTRONG		Municipality SUGARCREEK TWP	

A proposed alternate method is subject to provisions in §3221 of the 2012 Oil and Gas Act, 58 Pa. C.S. §3221 Section 13 of the Coal and Gas Resource Coordination Act, 58 P.S. §513 and 25 PA Code §§78.75-78.75a (relating to Alternate Methods.) **Attach proof of notification of coal operator(s).**

Describe in reasonable detail using a written description and / or diagram:

1. the proposed alternate method or materials, and
2. the manner in which the alternative will satisfy the goals of the laws and regulations.

1. In lieu of venting requirements of 78.92 and 78.93 relating to wells located in coal areas, it is proposed that the well will be cemented from total depth or attainable bottom to surface.

2. The well will be cemented solid and will stop the vertical flow of gas, oil or fluids. This will isolate the coal seams from all gas zones which would negate the need for a vent string.

Optional: Approval by Coal Owner or Operator		Signature of Applicant / Well Operator	
Signature <i>Terry L. Cataldi</i>	Date 5/5/2026	Signature <i>Eric Gourley</i>	Date 5/5/2026
Print or Type Signer's Name and Title Terry L. Cataldi - property owner		Print or Type Signer's Name and Title ERIC GOURLEY, G&G GAS, INC., ENGINEER	

If optional approval is signed by coal owner or operator, the 15-day objection period may be waived.

DEP USE ONLY	
Approved by (DEP Manager) <i>Scott Goldthwaite</i>	Conditions ☐ YES, See Attached ☒ NO
Date 6/24/26
