This permit covering the well operator and well location shown above is evidence of permission granted to conduct activities in accordance with the Oil and Gas Act and the Oil and Gas Conservation Law, if the well is subject to that act and any rules and regulations promulgated thereunder, subject to the conditions contained herein and in accordance with the application submitted for this permit. This permit does not convey any property rights.

This permit and the permittee's authority to conduct the activities authorized by this permit are conditioned upon operator's compliance with applicable law and regulations.

Notification must be given to the district oil and gas inspector, the surface landowner and political subdivision of the date well drilling will begin at least 24 hours prior to commencement of drilling activities.

The permittee hereby authorizes and consents to allow, without delay, employees or agents of the Department to have access to and to inspect all areas upon presentation of appropriate credentials, without advance notice or a search warrant. This includes any property, facility, operation or activity governed by the Oil and Gas Act, the Oil and Gas Conservation Law, the Coal and Gas Resource Coordination Act and other statutes applicable to oil and gas activities administered by the Department. The authorization and consent shall include consent to the Department to collect samples of wastewaters or gases, to take photographs, to perform measurements, surveys, and other tests, to inspect any monitoring equipment, to inspect the methods of operation and disposal, and to inspect and copy documents required by the Department to be maintained. The authorization and consent includes consent to the Department to examine books, papers, and records pertinent to any matter under investigation pursuant to the Oil and Gas Act or pertinent to a determination of whether the operator is in compliance with the above referenced statutes. This condition in no way limits any other powers granted to the Department under the Oil and Gas Act and other statutes, rules and regulations applicable to these activities as administered by the Department.

This permit does not relieve the operator from the obligation to comply with the Clean Streams Law and all statutes, rules and regulations administered by the Department.

Special Permit Conditions:

1) This permit is conditioned upon the well operator obtaining all appropriate approvals, including local, municipal, and zoning approvals, and any revision or modification of those approvals.

This permit expires **09/08/2027** unless drilling is commenced on or before that date and prosecuted with due diligence.

Subject: Conventional Well Drilling Permit Application

Dear Sirs:

Attached is our permit application to drill a conventional natural gas well in Clarion County, Elk Township, PA. Our company has been operating such wells for many years.

Accompanying our permit application is a check for the permit application in the amount of \$600.00. Our blanket collateral well bond is in existence with Fifth Third Bank.

Our plan is to drill the well during the summer month beginning June 2026. Fredrick Drilling and Sons will be our contractor. They have a long and respected oil and gas business. The depth intended is 3,000 ft. for this well.

The well drilling permit application is extensive with many pages. Each consecutive page of the permit application is numbered in the right lower margin of each page.

If you have any question, contact me at the office above. Lemont is a suburb of State College.

We are looking forward to beginning this project.

Respectfully,

John T. Exley, President

Non-Coal Justification

Because the well is located within a coal area, it must be determined that the coal is not workable coal in order to classify this well as a non-coal well. The Coal Crop Lines and Structure Contours map was submitted with the application, but the well is not plotted on the map, nor was an explanation included as to why this well should be considered a non-coal well.

The proposed Barrett 3 gas well will not penetrate a coal seam workable by underground mining methods. Coal Crop Lines and Structure Contour maps are being submitted for the Fryburg and Clarion quadrangles that show the location of the proposed Barrett 3 well. Surface elevation of the proposed gas well is 1412' which is 148 feet below the Lower Kittanning coal elevation and 80 feet below the Lower Clarion coal elevation. No other mineable coal seams are located below the Lower Clarion coal. Therefore, this well should be considered a non-coal well.

Don't hesitate to contact me with any questions.

**AFFIDAVIT OF NON-DELIVERY OF CERTIFIED MAIL
FOR CONVENTIONAL WELL**

I hereby certify that I have sent, by certified mail, a COMPLETE copy of my permit application, including location plat and all attachments thereto, for well # 031-25888, on (farm name) Barrett Family Trust, (serial no.) _____, in (municipality name and type) Elk Township, (county) Clarion.

I have sent the copy of the application by certified mail to each of these parties listed, as required depending on the relationship to the proposed well location:

- the surface landowner,
- the municipality in which the tract of land upon which the well to be drilled is located,
- the municipalities adjacent to the well site,
- all surface landowners and water supply purveyors whose water supplies are within 1,000 feet of the proposed well location,
- the owners and lessees of all coal seams in areas of underlying workable coal,
- every coal operator identified on the well permit application,
- the gas storage operator, if any, identified on the well permit application.

I have also sent a copy of "Landowner Notification of Well Drilling or Alterations," DEP form 8000-FM-OOGM0052, to every surface landowner or water purveyor whose water supplies are within 1,000 feet of the proposed well location.

I have sent a notice as described above to the following persons at the addresses shown below, and I was unable to obtain a receipt of delivery signed by the addressee or a member of his family residing at that address. Enclosed are copies of the white certified mail slip, and / or the green certified mail return-receipt card,* showing that delivery was not possible.

I certify that a copy of the complete permit application including location plat and all attachments thereto, and the "Landowner Notification of Well Drilling or Alterations," if applicable, was sent to the persons and addresses to whom tax notices for the property are sent.

Person & Address where certified mail was sent	Date Sent	Date mailing was returned as undeliverable.

2. SEARCH RESULTS

Agency	Results	Response
PA Game Commission	Conservation Measure	No Further Review Required, See Agency Comments
PA Department of Conservation and Natural Resources	No Known Impact	No Further Review Required
PA Fish and Boat Commission	No Known Impact	No Further Review Required
U.S. Fish and Wildlife Service	No Known Impact	No Further Review Required

Pennsylvania Natural Diversity Inventory (PNDI) records indicate that while threatened and endangered and/or special concern species and resources are in the project vicinity and that recommended Conservation Measures should be implemented in their entirety to avoid and minimize impacts to these species, no further coordination is required with the jurisdictional agencies. If a DEP permit is required for this project, DEP has the discretion to incorporate one or more Conservation Measures into its permit. This response does not reflect potential agency concerns regarding potential impacts to other ecological resources, such as wetlands.

RESPONSE TO QUESTION(S) ASKED

Q1: Will the action include disturbance to trees such as tree cutting (or other means of knocking down, or bringing down trees, tree topping, or tree trimming), pesticide/herbicide application or prescribed fire?

Your answer is: No

Q2: Does the action area contain any caves (or associated sinkholes, fissures, or other karst features), mines, rocky outcroppings, culverts, or tunnels that could provide habitat for hibernating bats?

Your answer is: No

3. AGENCY COMMENTS

Regardless of whether a DEP permit is necessary for this proposed project, any potential impacts to threatened and endangered species and/or special concern species and resources must be resolved with the appropriate jurisdictional agency. In some cases, a permit or authorization from the jurisdictional agency may be needed if adverse impacts to these species and habitats cannot be avoided.

These agency determinations and responses are **valid for two years** (from the date of the review), and are based on the project information that was provided, including the exact project location; the project type, description, and features; and any responses to questions that were generated during this search. If any of the following change: 1) project location, 2) project size or configuration, 3) project type, or 4) responses to the questions that were asked during the online review, the results of this review are not valid, and the review must be searched again via the PNDI Environmental Review Tool and resubmitted to the jurisdictional agencies. The PNDI tool is a primary screening tool, and a desktop review may reveal more or fewer impacts than what is listed on this PNDI receipt. The jurisdictional agencies **strongly advise against** conducting surveys for the species listed on the receipt prior to consultation with the agencies.

PA Game Commission

RESPONSE:

Conservation Measure: Potential impacts to state and federally listed species which are under the jurisdiction of both the Pennsylvania Game Commission (PGC) and the U.S. Fish and Wildlife Service may occur as a result of this project. As a result, the PGC defers comments on potential impacts to federally listed species to the U.S. Fish and Wildlife Service. No further coordination with the Pennsylvania Game Commission is required at this time.

PA Department of Conservation and Natural Resources

RESPONSE:

No Impact is anticipated to threatened and endangered species and/or special concern species and resources.

PA Fish and Boat Commission

RESPONSE:

No Impact is anticipated to threatened and endangered species and/or special concern species and resources.

U.S. Fish and Wildlife Service

RESPONSE:

No impacts to **federally** listed or proposed species are anticipated. Therefore, no further consultation/coordination under the Endangered Species Act (87 Stat. 884, as amended; 16 U.S.C. 1531 et seq. is required. Because no take of federally listed species is anticipated, none is authorized. This response does not reflect potential Fish and Wildlife Service concerns under the Fish and Wildlife Coordination Act or other authorities.

4. DEP INFORMATION

The Pa Department of Environmental Protection (DEP) requires that a signed copy of this receipt, along with any required documentation from jurisdictional agencies concerning resolution of potential impacts, be submitted with applications for permits requiring PNDI review. Two review options are available to permit applicants for handling PNDI coordination in conjunction with DEP's permit review process involving either T&E Species or species of special concern. Under sequential review, the permit applicant performs a PNDI screening and completes all coordination with the appropriate jurisdictional agencies prior to submitting the permit application. The applicant will include with its application, both a PNDI receipt and/or a clearance letter from the jurisdictional agency if the PNDI Receipt shows a Potential Impact to a species or the applicant chooses to obtain letters directly from the jurisdictional agencies. Under concurrent review, DEP, where feasible, will allow technical review of the permit to occur concurrently with the T&E species consultation with the jurisdictional agency. The applicant must still supply a copy of the PNDI Receipt with its permit application. The PNDI Receipt should also be submitted to the appropriate agency according to directions on the PNDI Receipt. The applicant and the jurisdictional agency will work together to resolve the potential impact(s). See the DEP PNDI policy at <https://conservationexplorer.dcnr.pa.gov/content/resources>.

5. ADDITIONAL INFORMATION

The PNDI environmental review website is a preliminary screening tool. There are often delays in updating species status classifications. Because the proposed status represents the best available information regarding the conservation status of the species, state jurisdictional agency staff give the proposed statuses at least the same consideration as the current legal status. If surveys or further information reveal that a threatened and endangered and/or special concern species and resources exist in your project area, contact the appropriate jurisdictional agency/agencies immediately to identify and resolve any impacts.

For a list of species known to occur in the county where your project is located, please see the species lists by county found on the PA Natural Heritage Program (PNHP) home page (www.naturalheritage.state.pa.us). Also note that the PNDI Environmental Review Tool only contains information about species occurrences that have actually been reported to the PNHP.

Hi Levi,

We have crossed out the name of Jodi L. Wieczynski et al in the listing on page 2 of the Well Location Plat. This property does not have a water well. This early page only serves to show the correction.

I ask you to cross out the name and coordinate on the actual Permit Application page 2 of the Well Location Plat. Thanks to you for doing this correction.

Hello, this is a message for Levi Markwood. My name is John Exley. Levi is working on a well permit for us for Exley Oil and Gas Corporation. He had a question mark for a person that is in a listing on page two of the permit plat. And the name of that person is Jody Wyszynski. And that person should be crossed off of the list. The list is for a surface owner with water purveyor. She has municipal water and she should not be on that list. Please give this message to Levi Markwood. My name is John Exley. My phone number is 419-222-1234. 356-7218 and it is about noon on Friday. Thank you. Goodbye.

Mr. Exley,

Thank you for submitting the requested documentation. I reviewed what you sent, and the record of notification is confusing. However, I do believe Mr. Andring gave me all of the corrected copies of the record of notification (attached) already, but I will doublecheck to make sure they are all accurate.

The Paint Township certified mail delivery receipt may have been the last of what I needed to continue the review. If all I need on the record of notifications page is the certified mail date of return, I can put that information in for you if you send me an email back with written permission to do so.

If you have any questions, feel free to contact me.

Thank you,

Levi Markwood

Mr. Levi Markwood,

I am writing in response to your message from July 22, 2026.

Please find the requested items attached to this email, as detailed below. These updates are to be included with the drilling permit application.

1. Proof of Paint Township Municipality:

Paint Township is now included on page 2 of the Plat.

2. Record of Notification for Municipalities:

Proof of certified mailing to the Paint Township address is provided.

Return of Certified green card from Paint Township showing date of return. Return green card required delay for mail return.

USPS tracking number printout also shows receipt of the certified green with the date of return that caused delay for the return and vacations.

3. Record of Notifications corrections:

Corrections for surface landowners included with corrections for the box, checked and dated with signatures on a following page with cross-outs for incorrect information.

Corrections for surface landowners and water purveyor with water supplies <1,000 ft. box with address affidavit box corrected and dated.

Signatures for consent are included as shown on prior submitted pages with incorrect information crossed out.

4. Confirmation of certified delivery by green card receipt and USPS tracking of delivery.

I hope we have made the necessary changes that you requested.

I will contact you to see if we need anything else.

Thank you,

Good Morning Randy,

Just checking in on the status of the Exley Oil Barrett 3 application documents. If you have the certified mail green card for Paint, you don't have to wait for the objection period to be over to send it. And if you have the record of notification pages updated/corrected I can start compiling everything for the application.

If you have any questions, feel free to contact me. I'll be in the office until 4:00 today.

Thanks,

Levi Markwood

Randy,

I think that looks about right. We still need the signed green card from Paint Township when you get confirmation of delivery. When I have all that information, I will double check it and finish compiling all

the documentation so I can send it up for approval. Thank you for the prompt response for requested documents.

Levi,

Can you look over the attached record of notifications to see if I've made the proper corrections to address your comments on them.

We're sending the certified mailing out to Paint Township today, and hope to get the signature card back next week.

Mr. Exley,

Thank you for the requested revisions to the Barrett 3 permit application. There are a few items that need addressed before your permit can be submitted for approval:

Plat

*

Paint Township needs to be added to page 2 as adjacent municipality

Record of Notification

*

Proof of notification for Paint Township

*

Record of Notifications filled out incorrectly:

*

The surface landowner (lessor) box should be checked for Barrett Family Trust.

*

If adjacent landowners are on municipal water supply, notification does not need sent.

*

If adjacent landowners have a water supply (well/spring) within 1000' of proposed well location, they fall under the "surface landowner & Water Purveyor with water supplies <1000'" box.

*

Address affidavit box checked only for those who you submitted the address affidavit for.

*

Written consent notifications also need to be corrected to reflect the correct information.

Please make all the necessary corrections (making sure the appropriate boxes are checked for each notified party) to the record of notifications pages and submit with the proof of notification to Paint Township by August 5, 2026.

Please feel free to contact me with any questions.

Thank you,

Levi Markwood

Subject: Response Information for a Permit Application for a Well Drilling (Barrett No. 3)

Mr. Markwood,

I am responding to your email message regarding the delivery dates for the 8 municipalities for confirmation of delivery dates for the returned Certified green cards. All 8 dates were confirmed by USPS tracking shown in tracking confirmations following each of the Certified green card return mailings by each municipality in a separate attachment.

Additionally, I am providing missing notifications for 2 landowners regarding their water sources that did not pickup nor return Certified green cards that were previously sent to them by Certified mailings. The confirmation of the mailings to them is provided by an attached notarized Affidavit for: 1. Christopher and Julie Myers and 2. Jack Phillips.

Kindly send me an acknowledgement of receipt of the information.

Looking forward to approval of our Well Drilling Permit application.

Thank you and regards,

Mr. Exley,

Thank you for the prompt response. That attachment was the same information from the revision packet I received earlier in the week. The Certified Mail green cards provided aren't signed or dated. I don't know why they were delivered back to you that way. If you don't have the signed and dated green cards, you could have Fike Associates submit the USPS tracking proof of delivery for each one so that we can verify the dates of notification. Email copies are fine, you don't have to send paper copies via USPS.

Thank you,

Mr. Andring,

Thank you for the requested revisions to the Barrett 3 permit application. There are a few items that need addressed:

Well Location Plat

- Page 2 of the revised Plat is missing the following information:
 - Target Formation(s)
 - Anticipated True Vertical Depth
 - Anticipated Total Measured Depth
 - Deepest Formation to be penetrated
 - Enter N/A in any non-applicable field

Record of Notification

- For notification sent to municipalities
 - No signatures or dates included on the green cards showing proof of receipt. Please provide verification of delivery.
- For unclaimed certified mail (Jack Phillips) please submit an affidavit of non-delivery form (8000-FM-OOGM0101A)

Application

- Question 6 answered on revised application form, but other information is left out. With written permission, I will correct that on the original form.

Please feel free to contact me with any questions.

Notifications

The host municipality and all adjacent municipalities need to be notified. The following townships do not appear to have been notified: Shippenville, Pinegrove, Washington, Knox, Paint, Beaver, Ashland, and Knox Borough.

The host and adjacent municipalities have been notified. See the attached letters that have been sent. Also refer to the revised Record of Notification form.

For all parties notified by certified mail, please enter the sent and received dates in appropriate columns on the Record of Notification form.

The Record of Notification form has been revised to enter the sent and received dates in the correct columns.

Barrett Family Trust and Derek R. Graham have the same address, but appear to be separate properties; are these two separate entities?

They are separate properties but have the same mailing address. We received return receipts from each individual landowner.

The following landowners with water supplies did not sign the certified mail green card. Please provide proof of notification for the following:

- * Christopher C. & Julie A. Myers et al*
- * Jack E. Phillips*

Christopher C. & Julie A. Myers et al and Jack E. Phillips were notified but the certified letters were returned as "unclaimed". See the attached copies of the letters, proof of mailing, and the envelopes.

Application

Question number 6 on the application should be checked yes because there was a PNDI hit for the PA Game Commission.

Question number 6 on page 2 has been checked "yes".

Public Resource Form

Because there is a PNDI hit for the PA Game Commission, the Coordination of Well Location with Public Resources form should be submitted.

To: Mr. Levi Markwood,

I will be forwarding to you our responses to the June 4, 2026 review of the Well Drilling (Barrett #3) Permit Application items via Priority USPS Mail.

Our consultant, Randy Andring, Designer at Fike Associates, a Division of LSSE, Clarion, PA has prepared substantial replies to answer your permit review in detail via our engagement agreement with Fike Associates to assist the approval of the permit. His and our responses include the following:

1. Permit Plat of page 1 include revisions for water sources within 1,000 ft. of the proposed Barrett #3 well
2. Permit Plat of page 2 revisions to include adjacent municipalities
3. Record of Notification to include all landowners with water supplies within 1,000 ft. of the proposed Barrett #3 well, but not listed on page 2 of the plat
4. Record of Notifications of host and adjacent municipalities that were notified by USPS mail
5. Clarification of the landowners including individuals and the Barrett Family Trust are made
6. Proof of receipts for landowners for not responding to USPS letters because of having municipal water supplies
7. Revision of the permit application to a "Yes" response for a PNDI hit by the PA Game Commission
8. For the Public Resource Form for the proposed Barrett #3 well location relative to having a possibility of coal workable or non-workable location resulted with the result for non-workable.

After receipt of our Priority Mail package with our detailed responses, we appreciate your review and approval of the permit.

Best regards,

Mr. Exley,

The technical review for the Barrett 3 drilling permit application revealed deficiencies with the application and accompanying documents. Below is a list of the existing deficiencies. Please correct these deficiencies and return them to me by June 16, 2026. If you have any questions, please feel free to contact me.

Well Location Plat

- All water supplies within 1000' need to be plotted on page 1 of the plat.
- The adjacent municipalities need to be entered on page 2 of the plat.
- The following landowners are listed on the Record of Notification as having water supplies within 1000' of the well, but they are not listed on page 2 of the plat:
 - Fulton Real Estate Holding LP
 - Barrett Family Trust
 - Derek R. Graham
 - Fred L. & Susan L. Ziegler
 - Christopher C. & Julie A. Myers et al

-

Notifications

- The host municipality and all adjacent municipalities need to be notified. The following townships do not appear to have been notified: Shippenville, Pine Grove, Washington, Know, Paint, Beaver, Ashland and Knox Borough.
- For all parties notified by certified mail, please enter the sent and received dates in appropriate columns on the Record of Notification form.
- Barrett Family Trust and Derek R. Graham have the same address, but appear to be separate properties; are these two separate entities?
- The following landowners with water supplies did not sign the certified mail green card. Please provide proof of notification for the following:
 - Christopher C. & Julie A. Myers et al
 - Jack E. Phillips

-

Application

- Question number 6 on the application should be checked yes because there was a PNDI hit for the PA Game Commission.

-

Public Resource Form

- Because there is a PNDI hit for the PA Game Commission, the Coordination of Well Location with Public Resources form should be submitted.

Non-Coal Justification

- Because the well is located within a coal area, it must be determined that the coal is not workable coal in order to classify this well as a non-coal well. The Coal Crop Lines and Structure Contours map was submitted with the application, but the well is not plotted on the map, nor was an explanation included as to why this well should be considered a non-coal well.
