RE: Proposed Alternate Method of Plugging a Well
Jesse Morris 2876 Well
Permit Number 059-01095
Center Township, Greene County, Pennsylvania

Dear DEP Recipient,

Please find attached the following documentation:

- Completed Form 8000-PM-OOGM0024 "Proposed Alternate Method of Plugging a Well"
- Proof of notification of coal related parties

Plugging is tentatively scheduled to begin on July 10, 2026 on this well.

Please note that this is the second of two alternate method requests being submitted for this well today. Please process each request as a unique authorization.

If you have any questions or concerns regarding this application, please feel free to contact me using one of the methods below.

Best Regards,

A proposed alternate method is subject to provisions in §3221 of the 2012 Oil and Gas Act, 58 Pa. C.S. §3221 Section 13 of the Coal and Gas Resource Coordination Act, 58 P.S. §513 and 25 PA Code §§78.75-78.75a (relating to Alternate Methods.) **Attach proof of notification of coal operator(s).**

Describe in reasonable detail using a written description and / or diagram:

- 1. the proposed alternate method or materials, and**
- 2. the manner in which the alternative will satisfy the goals of the laws and regulations.**

EQT is requesting approval for the optional setting of inflatable packers downhole at Department approved locations outside of regulation 20ft intervals above oil, gas, and water bearing zones. All inflatable packers will be installed with 10'-20' of sand or 6% or greater gel on top of them. These mechanical plugs in conjunction with Class A or Class L cement will help ensure all vertical gas flow in the wellbore is stopped.

EQT will communicate to DEP the intended setting depths of all inflatable packers prior to placement. Should EQT be unable to place an inflatable packer in the intended location, EQT will inform the Oil and Gas Inspector. If EQT identifies the wellbore condition is not supportive of implementing this alternative method, EQT will inform the Oil and Gas Inspector and Oil and Gas Inspector Supervisor and will provide an email requesting to withdraw the alternative method.

- For additional information please contact Beau Fry at 304-552-9460.
