DPL (9/24/2026)

30-Day Objection Date: 8/26/2026

Use this form to apply for an "Order to Clean Out and Plug or Replug a Non-Producing Gas Well Under Section 13(c) of Act 214." This applies only to an abandoned well which penetrates a workable coal seam.

SECTION A. APPLICANT INFORMATION

Enter the name of the person, corporation, or unincorporated business which is requesting the Department order to plug or replug the well.

If the well is the object of a coal pillar permit, please identify the pillar by number.

GAS WELL INFORMATION: Provide information that identifies and locates the gas well, not the location of the mine portal nor the well operator's address.

SECTION B. OTHER AFFECTED PARTIES

If known, identify all other affected parties listed. Use an additional 8½" x 11" sheet if necessary. If you don't know who they are, print "unknown".

SECTION C. ADDITIONAL FORMS REQUIRED

Use this checklist to see that this application is completed.

If the well is to be cleaned out, plugged or replugged by a method, or using materials other than described in Act 214, subsections 13(a)(1) or (2), then a request for approval to use an alternate method or materials must be filed. You must submit a plan for a Proposed Alternate Method of Casing, Plugging, Venting or Equipping on Form 5500-PM-OG0024.

**Re: Pennsylvania Mining Complex
Bailey Mine, Enlow Fork Mine, Harvey Mine
Oil & Gas Well Plugging
Order to Clean Out and Plug Oil & Gas Wells
Washington and Greene Counties, Pennsylvania**

Dear Mr. Wright:

This letter is being executed on behalf of Consol Pennsylvania Coal Company LLC), and CONSOL Thermal Holdings LLC, and Conrhein Coal Company, (hereinafter collectively referred to as, "CONSOL"). In accordance with the requirements set forth in Section 13(a) of the Pennsylvania Coal and Gas Resource Act of 1984, 58 Pa. C.S.A. Section 513(c), please let this letter serve as evidence that adequate notice has been provided to CONSOL as the coal owner/lessee/operator for the plugging of any and all oil & gas wells that need to be plugged for mine through purposes at Bailey, Enlow Fork and Harvey Mines.

Please be advised that CONSOL has no objection to the plugging of the oil & gas wells through the coal seam(s) and I do hereby waive, on behalf of CONSOL, any right CONSOL may have as to prior notification as the coal owner/lessee/operator. CONSOL is not, however, waiving any other rights that it may have.

Sincerely,

Anthony M. Drezewski – Assistant Vice President

Subject: Re: FW: Notice to Plug for Kenney and Rush

Hi Jason,

Received. Thank you.

I understand that these wells are not scheduled to be plugged until 2027. Given that timeline, and consistent with the approach we have successfully used on the other wells, will Consol consider withdrawing the pending 13(c) applications (or formally holding them in abeyance and not seeking orders) until we have negotiated access routes and license agreements for these wells?

We are prepared to begin those license negotiations immediately. We have reached fair agreements on similar wells in the past and are ready to do so again.

If Consol is unable to withdraw or hold the applications, my clients would need to file formal objections with DEP to protect their interests. That additional process would create extra work for everyone and is avoidable by returning to the negotiated approach that has worked well for

us in the past.

We remain open to considering any other creative solutions Consol wishes to propose that would allow us to resolve this without the need for formal objections. Please let me know Consol's position. I am available to chat this week.

Thanks,

Sarah

Sarah,

In my emails yesterday I referenced the attached documents that were sent to your clients via certified mail. As we know, the Rush's haven't been home and the Kenneys rarely pick up or sign for their certified mail. Can you please reply to this email to confirm that you have received the attached and forwarded them to your clients for our records and so we can show PADEP that they have been "delivered"?

Thanks,

Jason

Hey Jason,

We have submitted our orders to plug for the wells listed below. Kenney and Rush have not picked up the certified mail. Therefore, we do not have confirmation that they have been informed and the DEP requires that we provide them with documentation that the landowner has received it. I know in the past that we had Sarah confirm that she delivered it to her clients. Can you please ask her to confirm that she has delivered them to her client?

Subject: Order to Plug Application: John F. Drier #1-453 Surface Owner Notification

Good morning, Patrick.

I hope you've been well as of late. The Department is in review of the order to plug application submitted by Leatherwood, LLC for John F. Drier #1-453 located in Morris Township, Greene County, PA and I wanted to get in touch regarding delivery notification to the surface landowner, Mr. Gavin M. Rush.

As of today, delivery is on hold per USPS certified mailing (9589 0710 5270 2734 8694 31). When able and convenient, can you confirm that the surface landowner has received notification of plugging?

Please let me know when you have the time.

Thank you,

Remarks:

On September 21, 2026 the Department performed an inspection of the Leatherwood, Kenney 4 well site. The site is located in Morris Twp., Greene County.

The well is on the DEP abandoned well list. Core Natural Resources has submitted an order to clean-out and plug the well to be mined through. The well was not located. At the GPS coordinates to the well a small depression in the ground was observed. In the Order to Plug submitted by Core Natural Resources the well location was a hole in the ground with no casing. The soils at the small depression in the ground were screened and no combustible gas was detected using the Bascom Turner 611 unit.
